

OUR PROJECT

Narrow Passage Chapter, NSDAR, has begun a Bible records transcription project to transcribe the births, deaths, and marriages contained in family Bibles.

WHICH BIBLES?

Family Bibles older than 1929 typically contain records that might be difficult to find elsewhere. However, family Bibles of all ages are welcome.

We must preserve and share in order to keep family histories alive.

OUR CHAPTER

Community service, friendship, patriotism, and preserving the legacy of our ancestors are just a few of the benefits of joining the National Society Daughters of the American Revolution (NSDAR or DAR). Establishing your lineal bloodline descent from an ancestor who aided in achieving American independence is the first step on your journey to DAR membership. We at Narrow Passage Chapter, NSDAR, are here to assist you!

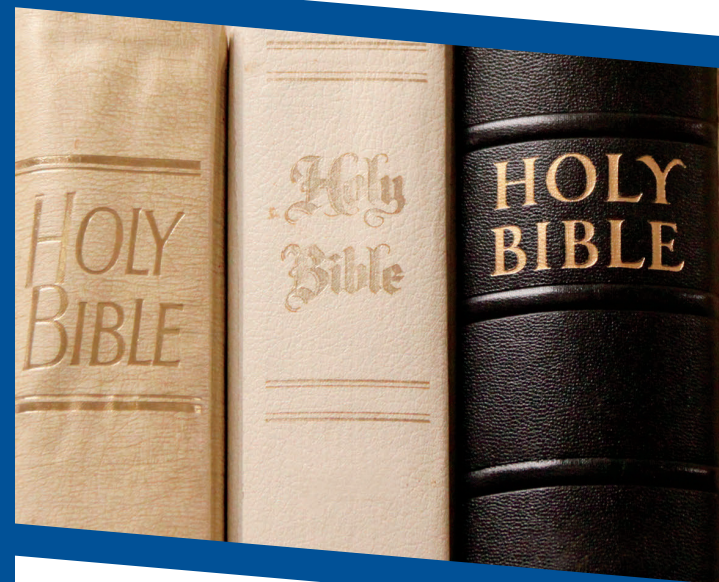

We welcome all membership inquiries and look forward to providing guidance and assistance with the application process.

BIBLE RECORDS PROJECT

Do you, a family member, or a friend own a family Bible?

HOW WE PRESERVE BIBLE RECORDS

PHOTOGRAPHS

Narrow Passage Chapter, NSDAR, members preserve Bible records by photographing historical records contained within the pages of family Bibles. Essential elements include:

- Bible Cover
- Copyright Page
- Old Testament Page
- New Testament Page
- Births Page
- Marriages Page
- Deaths Page
- Any related items stored in the Bible, such as obituaries or newspaper articles

HELP KEEP
FAMILY HISTORY
ALIVE

THE PROCESS

- Photographs, transcriptions, family pictures compiled as a PDF
- Print and/or digital copies presented to the families
- A copy of each 200-page volume sent to:
 - DAR Library
Washington, D.C.
 - Library of Virginia
Richmond, Virginia
 - Shenandoah County Library
Edinburg, Virginia

*Have a Bible?
We can help!*

Genealogical Records Committee
Bible Records Project
GRC@narrowpassagedar.org

WHY THIS PROJECT?

Bibles hold the recordings of special moments in the lives of a family. Recorded in an ancestor's own handwriting, they are a wonderful genealogical resource and are often the only records that may exist of a particular family or family member.

Think of the Bible Records Project as a way of "backing up" your Bible's historical value. As Bibles age, they deteriorate. Pages tear, ink fades, and bindings crack. Sometimes, they are inadvertently thrown away.

Let the Daughters of Narrow Passage Chapter, NSDAR, help you preserve the historical value of your family Bible. Email or visit us online at:
